

OUR 43th HOUSE

WE CELEBRATE OUR SUCCESS

Your Habitat for Humanity built its 43th home. April Warner and her sons Isaiah and Andrew now have a place to call their own. We hope that you know how important your contribution is to their happiness.

We bring people together to build homes—homeowners and volunteers. Your gift brings hope to good people. A real home can strengthen lives and ensure security. Each home is purchased—**this is not a handout, our homes are well built and the homeowner repays a no-interest mortgage in addition to working with the construction crew to build their home. Our families contribute to society by paying taxes that benefit everyone.**

We have been fortunate to have a dedicated group of volunteers, a supportive and giving community, along with family partners who truly want a forever home. Your gift is important and necessary.
